dl: clean UK driving license pli: £5 million

summary

I have wide experience of entertainment industry lighting, gained over the course of four years working in corporate events and six years in theatre before that. I have worked in the UK and abroad on events from conferences and corporate parties to music festivals and product launches – including many high profile events for demanding clients. I have an excellent practical knowledge of current Health & Safety legislation including Electricity at Work, LOLER, PUWER, risk assessment and working at height. I also am physically fit and strong, confident at height and well used to the long hours that accompany our industry. I'm currently based in Nottingham but also have accommodation in Bristol and London.
